ROMANA

CHILDREN'S PLAYGROUND SETS

CHILDREN'S PLAYGROUND SET in your home is place for games and trainings of children and parents.

Modern children need continuous movement. Developing the child intellectually parents sometimes forget saying «Movement is life!»

Help for parents consists in creation for children of such environment which would allow not only to look cartoons and to play video games but also to go in for physical training within own home. **CHILDREN'S PLAYGROUND SETS** are home "jungle" where a child can hang, swing and somersault while receiving not only fun and energy but real health benefits.
