

FOC TUBA LTD produces laminate tubes made from ABL and PBL (EVOH) laminates.

We produce tubes with diameters of 25, 28, 35 and 50 mm as well as various types of accessories. We offer a wide range of printing and decoration options (cold and hot foil stamping, combined varnishing, metallic effect, etc.).

We also offer a seamless 360° printing option.

Considering our many years of experience in developing, manufacturing and improving the technologies for laminate tube, our company is ready to offer an execution of order of any complexity with maintaining high quality in the shortest possible time up to 14 days.
