

ELECTRONIC COMPONENTS

For over 20 years we have specialized in comprehensive supplies for manufacturers of electronic devices. The AET is an importer and independent distributor of a wide range of electronic and electromechanical components. We are also manufacturer of inductive elements and pulse transformers.

At the moment several thousands of items are available from stock. Quick and easy purchase is possible through the online shop. You can find there stock and actual prices for most items.

FLEXIBILITY

We provide flexible support for long-term contracts as well as contracts where delivery time is the most important condition of purchase. We supply components taking into consideration the individual customer needs and requirements.

LONG-TERM ORDERS

For long-term contracts we store components in the warehouse and supply individual delivery on time. For long-term cooperation we provide high quality components and competitive prices.

ASSEMBLY

Our strong point is the comprehensive customer service, where we provide all the necessary components. This form of cooperation can be extended with SMD and THT automatic component assembly.

QUALITY

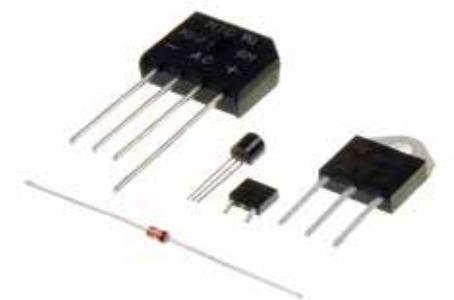

For many years we use procedures for selection and verification of suppliers. This ensure proper quality of delivered products.

INTEGRATED CIRCUITS

We offer a wide range of integrated circuits ranging from basic logic and ending with advanced microcontrollers. This group includes all the popular brands. Other items can be supplied on request. We supplied IC with high quality and competitive prices.

DISCRETE COMPONENTS

For many years we have cooperated with Yangjie Electronic Technology Co., Ltd. in the area of discrete components including transistors, diodes, IGBT modules. We sell a whole range of these semiconductors at competitive prices.

PASSIVE COMPONENTS

There are a lot of passive components including resistors, thermistors, varistors and capacitors available on stock.

OPTOELECTRONICS

In the area of optoelectronic components we cooperate with the Ningbo Foryard. The company is manufacturer of high quality LED diodes and displays. Furthermore we strongly recommend LCD displays according to a customer project.

OTHER COMPONENTS

We have also a lot of products that have not been presented in catalogues. If you are looking for other items you are welcome.
