January 2016

CONFLICT MINERALS ORIGINATING FROM THE DEMOCRATIC REPUBLIC OF CONGO (DRC).

Albright (all subsidiaries) are committed to supporting the Dodd-Frank Wall Street Regulation and Consumer Protection Act which aim is to eliminate conflict minerals originating from Eastern Region of the Democratic Republic of the Congo (DRC) or adjoining countries.

We have therefore taken steps to ensure suppliers of processes whereby columbite-tantalite (coltan), cassiterite, gold (Au), wolframite, or their derivative, including Tantalum (Ta), Tungsten (W) and Tin (Sn) have been assessed and declarations sought that show compliance to the Dodd-Frank act.

We expect the suppliers to comply with the Electronic Industry Code of Conduct and to only source materials from environmentally and socially responsible suppliers.

We ask our suppliers to:

1. Comply with all national and other applicable laws and regulations concerning the sourcing of minerals from conflict areas
2. Not use the conflict minerals originating in the Democratic Republic Congo (DRC) and its adjoining countries.
3. Use the CFSI Conflict Minerals Reporting Template to disclose their supply chain of said materials to enable us to make our declarations.

Should there be any further query on this survey, you may contact Albright on bars@albrightinternational.com

Yours Faithfully,

Mr L.E.V. Bedggood
Managing Director
