

YOUR **WORLDWIDE SOURCE** FOR PRECISION TURNED PARTS

# CONSTRUCTION COMPONENTS

✔ Rationalization  
of your supplier panel

✔ International network of  
highly specialized partners

✔ Technical and  
economic optimization

## CONSTRUCTION COMPONENTS

*“ Our goal is to simplify your routine tasks. The quality of our products, the flexibility of our organization, our fast delivery lead times, and the competitiveness of our prices are all key to making your life easier. “*

— Pierre Mourey, Technical salesman.

### Volumes

From 1 000 pieces.

### Parts

Lock-door systems (rivets, nuts, bearings, spacers, pins, washers...), hinge bodies, various fixing components...

### Raw material

Steel, brass, stainless steel, aluminum, plastics...

### Process

Cam controlled lathes, CNC, multi-spindle, machining...

### Finish and plating

Deburring, grinding, heat treatment, polishing, anodizing (Oad / Oai), nickel, zinc...

### Diameters

Until 3.15" (80 mm).

### Volumes

À partir de 1 000 pièces.

### Pièces

Serrurerie (piliers, pennes, goujons, rivets, goupilles...), gonds et corps de gonds, éléments de fixation divers...

### Matières

Acier de décolletage, laiton et autres cuivreux, inox, aluminium...

### Process

Machines traditionnelles, CNC, multibroches, usinage...

### Finition et traitement

Ébavurage, rectification, traitement thermique, polissage, anodisation (Oad / Oai), nickelage, zingage...

### Diamètres

Jusqu'à 80 mm

### Mengen

Ab 1 000 Stück.

### Teile

Schließtechnik (Federstücke, Bolzen, Nieten, Vierkantstifte, Anschlagrohre, Excenterbolzen, Führungsbolzen, Stifte...), Tür- / Fensterangeln-und Gehäuse, diverse Befestigungselemente...

### Werkstoff

Automatenstahl, Messing und andere Kupferlegierungen, Edelstahl, Aluminium...

### Prozess

Traditionelle Maschinen, CNC, Mehrspindel, Metallbearbeitung...

### Oberflächenbehandlung

Entgraten, Gleitschleifen, Wärmebehandlung, Polieren, Eloxieren (Oad / Oai), Vernickeln, Verzinken...

### Durchmesser

Bis 80 mm.

✔ Multilingual team with international experience

✔ Responsiveness and reliability

✔ Logistics platform with important storage capability

✔ In-house inspection and quality department
