

## STABILO® Professional

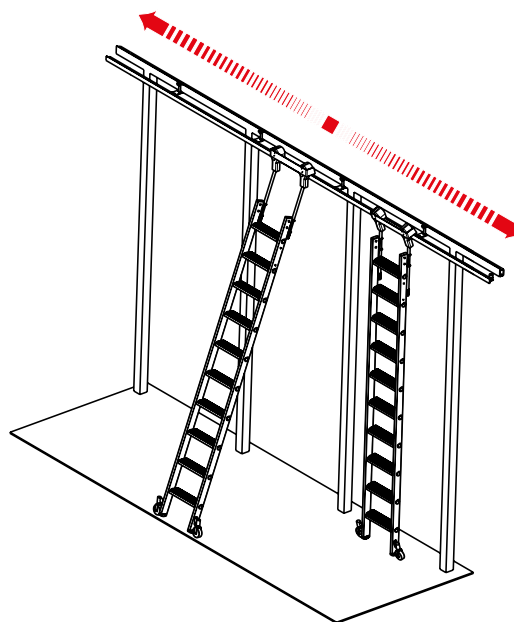

### Shelf step ladder with T-rail system

Aluminium shelf step ladder with integrated top guide system for T-rail system

- + Due to the clamping connections on the T-rail system there is no need to drill any holes into the fastening rail
- + High-strength beaded step/side rail connections and profiled steps with a depth of 80 mm for safe ascending and comfortable stand
- + 2 self-arresting braked castors (Ø 80 mm) for easy moving and used in combination with the two-component foot plugs a comfortable and safe standing is ensured
- + Inclination of ladder 21° and for space-saving storage the ladder can be vertically hooked into the round tube rail system when not in use (parking position)
- + Hand rail and holding bar available as accessories

For your order please note that the vertical height (measurement D) is essential for choosing the right ladder. We produce shelf ladders according to your specifications. Please indicate the exact vertical height (measured from ground to the lower edge of the round tube rail system) in your order.

Number of steps			6	7	8	9	10	11	12	13
