

GEAR LOCKER PRO

functional and sturdy

The PRO gear locker convinces by its clear and at the same time pragmatic design. It ensures that the uniform is stored professionally and is ready to hand. The storage shelf can optionally be replaced by a lockable valuables compartment.

Body:

- torsion-resistant, made of sheet steel
- aluminium clothes rail made of oval profile with three non-twisting, non-tilting metal hooks
- two material hooks fixed at the side, position can be changed as needed
- perforated base plate
- smooth, easy-clean surfaces
- height-adjustable feet made of square tubing (fixed feet as an option)
- fixed ergonomic helmet holder (height ca. 25 cm)

Valuables compartment door (optional):

- fixed by sturdy stainless steel bolts
- opening angle ca. 110 degrees
- rubber pads to reduce noise
- with letter slot

Variants:

- for 1, 2 or 3 persons
- compartment width: 30, 40 or 50 cm
- shelf or lockable valuables compartment
- feet, plinth or wall assembly
- fixed or flexible helmet holder
- zinc-plating

Inner dimensions (ca. HxD):

- compartment: 145 x 49 cm
- storage shelf: 11 x 49 cm

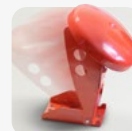

Dimensions HxWxD in cm (without helmet holder)

180 x 30 x 50	180 x 60 x 50	180 x 90 x 50
180 x 40 x 50	180 x 80 x 50	180 x 120 x 50
180 x 50 x 50	180 x 100 x 50	

Rugged metal hooks and clothes rail

The sturdy clothes rail with three metal hooks reliably carries heavy equipment and ensures easy removal. The position of the two material hooks at the side can be changed as needed.

Flexible helmet holder (optional)

The gear locker can be equipped with the flexible helmet holder. The hinged technology guarantees quick helmet retrieval with only one hand movement.

Locks

As standard, the gear lockers are equipped with a cylinder lock or latch lock. Further locks can be installed on request.

Paintwork

The high-quality powder coating of body and doors is available in almost all RAL colours. Light grey, Flame red and Gentian blue are included in the price.

You can find further information about our range of high-quality steel furniture on our website. We would be pleased to send you our catalogue and advise you on site or on the phone.
