

Organisation magnets with metal body

Magnet with handle of hard ferrite, white lacquered

Article number	D mm	H mm	Force* N	Weight g
G-MAG25	25	29.5	40	25
G-MAG32	32	29.5	80	35
G-MAG36	36	29.5	100	45
G-MAG40	40	30	125	62

Alternative to the standard we also offer individual solutions:
» Lacquering also possible in other colours

* The forces have been determined at room temperature on a plate in polished steel (S235JR according to DIN 10 025) with a thickness of 10 mm (1kg ~ 10N). A maximum deviation of -10% compared to the specified value is possible in exceptional cases. Value is exceeded in general. Depending on the type of application (installation situation, temperatures, counter anchor etc.) the forces can be influenced enormously. The indicated values are serving as an orientation. Please get advice and help from our experts.
